15. COLLOQUIUM NEUROLOGICUM SALZBURG

SELTENE ERKRANKUNGEN IN DER NEUROLOGIE

Rare Diseases in Neurology

Save the date!

24./25. MAI 2018

SALZBURG CONGRESS

www.colloquium-neurologicum.org
MAIN TOPICS:

1. National and global perspective of rare neurological diseases
2. Neurologic manifestations of systemic disorders
3. Rare and complex epilepsies
4. Neurometabolic disorders
5. Multiple Sclerosis
6. Rare neuroimmunological disorders

PRELIMINARY PROGRAM

Thursday 24th May, 2018

09:00-10:30 National, European and global perspective of rare disorders in neurology
   Welcome Address
   Global approach to rare diseases in neurology
   Approach to diagnostic and therapeutic guidelines for rare diseases
   Rare Disease Networks in Austria: current status and future prospects

10:30-10:50 Coffee Break

10:50-12:50 Neurologic manifestations of systemic disorders, part 1
   Neurological involvement in patients with rheumatic disease
   Management of pain in rheumatological disorders
   Role of interleukin-6 in rheumatology and neurology
   Neuropsychiatric lupus

12:50-13:20 Lunch Break

</tbody>
</table>
Friday 25th May, 2018

08:30-10:30  Neurometabolic disorders
Treatment response and modification in Fabry disease
Differential diagnosis of Fabry disease
Transthyretin-related familial amyloidosis: diagnosis and treatment
Niemann-Pick-disease type C: diagnostic clues

10:30-10:50  Coffee Break

10:50-12:30  Multiple Sclerosis, part 2
Lost in translation: treatment options for MS in 2018
Immunotherapy of MS: to define what is working, choosing when and how to escalate therapy
Emerging biomarkers in MS: do we still need MRI?

12:30-13:00  Lunch Break

13:00-14:50  Rare and complex epilepsies, part 1
EpiCARE – European Reference Network for Epilepsy
The NETRE – Network and the contributions to better epilepsy care
Approach to genetic analysis of rare epilepsy syndromes
Rare causes of status epilepticus

14:50-15:10  Coffee Break
15:10-17:30 Rare and complex epilepsies, part 2 and neurometabolic disorders part 2
The spectrum of autoimmune mediated epilepsy syndromes
Mitochondrial causes of epilepsy in adults
Neurological aspects of Pompe disease in adults
Diagnostic and therapeutic approach to spinal muscle atrophy

17:30 Closing remarks
Anmeldung unter: www.colloquium-neurologicum.org
